Paula,

Dan sent me to Steve Way, and it sounds like the numbers are okay. I would like to associate an accounting code for the bill. Would the following code be appropriate? 2014 T 08L 303DD2 085MQB00 (Upper Animas Mining District – Generic PA/SI – Sitewide.

Thank you!

Andrew – that is my understanding but Dan would know better since I am still getting up to speed on the UA and USGS's work.

Paula and Dan,

I just received a hefty bill from the USGS for Rob's modeling work. I just wanted to verify that the modeling is progressing as planned and that this bill is in agreement with what both of you understand to be in the works.

Thanks!

Hi Andrew,

I believe that this is for Rob Runkel's work on Cement Creek, and I thought Christy put together

the spreadsheet or at least we talked about it and she worked on it. As invoices are generated

at headquarters, there is still a bit of a disconnect in providing documentation, so thanks for

the reminder. Christy may be on leave this week but will provide the docs upon return.

Thanks,

Suzanne

Thank you!
